

2024 CALL FOR ABSTRACTS

NEVADA CANCER CONTROL SUMMIT POSTER SESSION

AUGUST 23-24, 2024 | WHITNEY PEAK HOTEL

We are pleased to invite you to submit abstracts for posters for the 2024 Nevada Cancer Control Summit in Reno, Nevada. This event represents an opportunity to showcase projects and programs in cancer control, including evidence-based cancer prevention and screening initiatives, innovative cancer research and use of data, and advances in treatment of patients with cancer.

Posters will be on display Friday afternoon/evening during the Awards and Poster Reception, and Saturday.

General Information:

1. All abstracts must be submitted no later than June 14, 2024
2. Submit abstracts electronically to kristen@nevadacancercoalition.org
3. One page document with 1 inch margins
4. Preferred limit of 300 words not including project/program name, organization and author/contact information.

Abstract Format:

1. Project/program name
2. Organization
3. List of author(s) and/or contact person(s)
4. Background
 - Purpose or intent of the project or program
 - Problem or issue addressed
 - Target population
 - Any project partners
5. Methods
 - Study design
 - Key activities and timelines
6. Results
7. Conclusion
 - Include any lessons learned and opportunities for replication

Please direct questions to Kristen Hackbarth at (775) 451-1670 x 105 or via email at kristen@nevadacancercoalition.org. Thank you!

Nevada Cancer Control Summit **August 23-24 | Whitney Peak Hotel, Reno, Nevada**

Now in its 15th year, the Summit brings together healthcare professionals for a statewide conference combining continuing education, networking, and exhibits. The Summit features sessions covering topics ranging from clinical oncology and treatment innovation to best practices in prevention and early detection, advances in survivorship care, cancer data, and more.

Summit Attendee Profile:

Based on past participation, we expect the attendees to reflect the following:

- 140-170 Attendees from across Nevada
- 35% oncology professionals including physicians, nurses, and administrators
- 10% cancer registry professionals
- 25% public health professionals
- 25% primary care professionals including doctors, nurses, pharmacists, and care coordinators
